Oct 2016   Code - 2965

BCA Semester – IV examination

Duration: 2 hour 30 min   Paper: 402 – Java Programming   Mark: 70

Q.1	(A)	What is Byte code? Explain in detail.	[07]
	(B)	Explain Command line argument.	[07]
		OR	
Q.1	(A)	Explain any three Data Types in Java.	[07]
	(B)	Define the term abstraction with example.	[07]
Q.2	(A)	List outapplication of OOP.	[07]
	(B)	Define inheritance. Explain any multipleInheritance with example.	[07]
		OR	
Q.2	(A)	Explain ExceptionHandling in JAVA with proper example.	[07]
	(B)	Explain Constructor with proper example.	[07]
Q.3	(A)	Explain Main Thread and Child Thread.	[07]
	(B)	Explain Thread Priority usingproper example.	[07]
		OR	
Q.3	(A)	Explain inter thread communication in Java.	[07]
	(B)	Explain join() method with proper example.	[07]
Q.4	(A)	Explain any ThreeFile operations.	[07]
	(B)	Explain Byte stream and Character Stream.	[07]
		OR	
Q.4	(A)	Write a simple program to write and read a file.	[07]
	(B)	Explain String concatenation using program.	[07]
Q.5	(A)	Explainserialization in detail.	[07]
	(B)	What Print Stream?	[07]
		OR	
Q.5	(A)	Explain Random Access File.	[07]
	(B)	Explain FileInputStream and FileOutputStream.	[07]
