B.Com Sem-3 Examination Nov-2017

Core Elective MIP-CE-308G Programming Lang. "C" Sub. ode -20694

Q:1 [a] define algorithm and flowchart. Explain any three symbols of flow
    chart.   [7]

   [b] Write a note on Important of C.   [7]

<center>OR</center>

Q:1 [a] Explain basic structure of C language.   [7]

   [b] Explain constants and variables in C.   [7]

Q:2 [a] Explain arithmetic and logical operators in C.   [7]

   [b] Explain IF statement with an example.   [7]

<center>OR</center>

Q:2 Explain SWITCH with an example.   [14]

Q:3 [a] Explain decision making and looping.   [7]

   [b] Explain Do statement with an example.   [7]

<center>OR</center>

Q:3 [a] Explain different between entry loop and exit loop.   [7]

   [b] Explain FOR loop with an example.   [7]

Q:4 Explain Array with its type.   [14]

<center>OR</center>

Q:4 Explain function with an example of no argument and no return value.[14]

Q:5 [a] define structure with an example.   [7]

   [b] Write an program with shows marksheet of students with three
    subjects using structure.   [7]

<center>OR</center>

Q:5 [a] Differentiate structure and union.   [7]

   [b] Write a C program using single array which display entered numbers
    in descending order.   [7]
