

**P.G.D.C.A. Semester - 2**  
**Examination | Jan-2018**

**Paper No. 205 Practical (New Course)**

**Total Marks: 100**

**Time: 3 Hours**

**9633**

- Q.1 Create a web page for a marketing company that does marketing of different products. Include following details in your web page: [30]  
(i) Introduction to the company (ii) Names of different kind of products which can be provided by the company (iii) Features of different products (iv) Price list (v) Customer list (vi) Contact information etc..
- Q.2 Create a table STUD using following fields: [30]

Field Name	Description
SEATNO	Seat Number of a student
NAME	Student Name
COLLEGE	College name
MARK1	Mark of Subject-1 out of 100
MARK2	Mark of Subject-2 out of 100
MARK3	Mark of Subject-3 out of 100
TOTAL	Total of all marks
RESULT	Result (Pass/Fail)

Add atleast 10 records without the value of TOTAL and RESULT.

- (i) Replace values in TOTAL and RESULT fields using formula:

TOTAL = MARK1+MARK2+MARK3

RESULT=Fail if either MARK1<35 or MARK2<35 or  
MARK3<35

Otherwise Pass.

- (ii) Display details of Students whose result is Fail.  
(iii) Display details of Students whose TOTAL is greater or equal to 210.  
(iv) Display only names of students in alphabetical order.  
(v) Display college wise student information.

- Q.3 Create a form through which you can add, delete or edit the student information like student name, college name, course name (PGDCA, BCA etc.), semester, gender (male or female), category (General, SC, ST, OBC etc.). Use proper controls. Also provide the navigation facility in this form. All information must be stored in a table. When you click on 'Report' button, the following information should display in a separate form: [40]
- |                               |                           |
|-------------------------------|---------------------------|
| (i) Total number of students  | (ii) Total number of male |
| (iii) Total number of female  | (iv) Total number of SC   |
| (v) Total number of ST        | (vi) Total number of OBC  |
| (vii) Total number of General |                           |
-
